AMERICAN CONSULATE GENERAL

Madras 1, October 26, 1950

GENERAL & REVENUE SECRETARIAT 4197 27 OCT 1950 CONFIDENTIAL BRANCH.

K. Srinivasan, Esquire,
Chief Secretary to the Government of Mysore,
Bangalore,
State of Mysore.

Dear Mr. Srinivasan:

The Consulate General presents its compliments and makes the following request for information.

2/ During the course of each year the Consulate General is required to prepare a number of periodic reports on the various agricultural commodities grown in South India. In order to comply adequately with reporting instructions, the Consulate General urgently needs the official figures of the Government of the State of Mysore on each major crop, viz. area under cultivation, estimated production, actual production, yield per acre, weather conditions, effects of pests and plant diseases, and other data.

3/ The Government of Madras State has been kind enough to send to the Consulate General regularly two copies of each of its official publications in the agricultural field. These include:

1. Periodical forecast reports in respect of the following crops:

a. paddy
b. cholam (jowar)
c. cumbu (bajra)
d. ragi
e. korra
f. varagu
g. samai
h. maize
i. sugarcane
j. the various grams
k. groundnut (peanut)
l. cotton
m. gingelly (sesame)
n. castor
o. ginger
p. pepper
q. senna
r. tobacco
s. potatoes

2. Annual statements

2. Annual statements showing area and production of:

a. coffee
b. tea
c. rubber

3. Periodical statements issued by the Board of Revenue (Civil Supplies) showing procurement of foodgrains, ration-card population, and foodgrain stock situation.

4. Monthly rainfall statistics by districts and localities.

5. Annual Season and Crop Report.

6. Miscellaneous reports and publications.

4) All of these publications have been of invaluable assistance to the Consulate General in the preparation of its reports, particularly the fortnightly reports of the Madras Board of Revenue (Civil Supplies) on the food situation, showing stocks of foodgrains, arrivals, offtake, etc. Also of special value are the periodic forecasts of acreage and production of certain crops.

5) In order to increase and improve its reporting coverage, the Consulate General earnestly solicits your cooperation in providing on a regular basis the various official forecasts and reports of the Government of Mysore in the agricultural field.

6) At the present time the Consulate General is particularly in need of data regarding the estimated area sown in paddy from July 1 to September 30 , 1950, yield of early harvests, condition of standing crop, and future prospects as affected by weather conditions, supply of water in irrigation sources, etc.

7) Please be assured that your cooperation and assistance will be deeply appreciated.

Sincerely yours,

Robert Rossow, Jr.
American Consul

D.O. 10887/CB

28th October, 1950.

Dear Mr. Rossow,

I write to acknowledge receipt of your letter No.511-1-RAC/ks dated the 26th instant, in the matter of furnishing certain agricultural statistics relating to Mysore to you periodically.

The matter is receiving attention at the hands of the Government and I expect to be able to write to you shortly.

Kindly convey my compliments to the Consul General.

With sincere regards,

Yours sincerely,

27/10

State of Mysore.

Dear Mr. Chief Secretary,

Thank you for your D.O. 10887/CB dated October 28 stating that our request for the periodical supply of agricultural statistics to this office is receiving the attention of the Government. The Consulate General very much appreciates your cooperation and assistance in this matter and awaits your further communication with interest.

Your kind compliments have been conveyed to Consul General Bailey who, unfortunately, has been rather seriously ill and out of the office for the past two months.

Sincerely yours,

Robert Rossow Jr.

Letter No.511.1-RAC/ks, dated 26-10-1950, from the American Consulate General, The Foreign Service of the United States of America, Madras 1, addressed to the Chief Secretary to the Government of Mysore, Bangalore.

.....

The consulate General presents its compliments and makes the following request for information.

During the course of each year the Consulate General is required to prepare a number of periodic reports on the various agricultural commodities grown in South India. In order to comply adequately with reporting instructions, the Consulate General urgently needs the official figures of the Government ~~of India~~ of the State of Mysore on each major crop, viz. area under cultivation, estimated production, actual production, yield per acre, ~~xx~~ weather conditions, effects of pests and plant diseases, and other data.

The Government of Madras State has been kind enough to send to the Consulate General regularly two copies of each of its official publications in the agricultural field. These include:

1. Periodical forecast reports in respect of the following crops:--

a. paddy
b. cholam (jowar)
c. Cumbu (bajra)
d. ragi
e. korra
f. varagu
g. samai
h. maize
i. sugarcane
j. the various grams
k. groundnut (peanut)
l. cotton
m. gingelly (sesame)
n. castor
o. ginger
p. pepper
q. senna
r. tobacco
s. potatoes

2. Annual statements showing area and production of:

a. coffee
b. tea
c. rubber

3. Periodical statements issued by the Board of Revenue (Civil Supplies) showing procurement of foodgrains, ration-card population and foodgrain stock situation.

4. Monthly rainfall statistics by districts and localities.

5. Annual Season and Crop Report.

6. Miscellaneous reports and publications.

All of these publications have been of invaluable assistance to the Consulate General in the preparation of its reports, particularly the fortnightly reports of the Madras Board of Revenue (Civil Supplies) on the food situation, showing stocks of foodgrains arrivals, offtake, etc. Also of special value are the periodic forecasts of acreage and production of certain crops.

In order to increase and improve its reporting coverage, the Consulate General earnestly solicits your co-operation in providing on a regular basis the various official forecasts and reports of the Government of Mysore in the agricultural field.

At the present time the xConsulate General is particularly in ~~xxx~~ need of data regarding the estimated area sown in paddy from July 1 to September 30, 1950, yield of early harvests, condition of standing crop, and future prospects as affected by

p.t.o

affected by weather conditions, supply of water in irrigation sources, etc.

Please be assured that your cooperation and assistance will be deeply appreciated.

GENERAL AND REVENUE SECRETARIAT,

Bangalore, Dated, 29th December 1950.

D.O.No R.9998

Dear Sri Sankara Iyer,

I am desired to enclose herewith a copy of letter No.511.1-RAC/ks. dated 26-10-1950 from the American Consulate General, The Foreign Service of the United States of America, Madras 1, addressed to the Chief Secretary to the Government of Mysore, Bangalore, asking for information regarding the forecasts of the area under major crops, and the estimated production for the State and to request you kindly arrange to send in the course of the day all the information which is asked for and readily available, particularly the data regarding the estimated area sown in paddy from July 1st to September 30, 1950, etc., asked for in the penultimate paragraph of the letter.

Yours Sincerely,

29/12

Sri C.B.Sankara Iyer, B.Sc.,
First Assistant to the Revenue Commissioner in Mysore,
Bangalore.

D.C.No.C11-1948/50-51. OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE,
Dated, Bangalore, 2nd January 1951.

Dear Sir,

Subject:- Forecast of the estimated area and yield of paddy etc., for the State.

Reference:- Your letter No.R.9998 dated 29-12-1950 on the above subject.

The figures regarding estimated area sown and yield in respect of the paddy crop for the period from 1st July to September 1950 as desired in the penultimate paragraph of the Consulate General are furnished below:

ESTIMATED AREA.	ESTIMATED YIELD.
6,95,167 acres.	45,00781 pallas.

The above figures are based on the First - October Forecast of the paddy crop for 1950-51 which relates to the period in question.

According to the information available in this office, the condition of the standing crop was fair during that period except in parts of Gundlupet and Chamarajanagar Taluks in Mysore District and a few affected parts of Kolar and Chitaldrug Districts due to insufficient scattered and untimely rainfall. The yield of the crop in these parts was expected to be below normal for the above reason. The paddy crop in other parts also required rains according to then conditions. The sources of irrigation had not also received adequate supply of water uniformly in all parts of the State then.

In major parts of the State, paddy crop is being harvested now except in parts of Kolar, Tumkur, Hassan and Chitaldrug Districts where sowing operations are in progress in a few - areas. According to the latest weekly season report, standing crops in a few parts of the State are good. The yield of paddy crop so far harvested is also reported to be fair - - generally.

Yours sincerely,

To
Sri C.N.Narayana Rao, B.A.,
Assistant Secretary to Government,
Revenue Department, Bangalore.

The American Consul,
American Consulate-General,
Madras-I.

In continuation of my letter No.10887/C.B. dated 28th October 1950, I write to furnish below the information required. The figures are subject to further verification but should there be any variations, I shall write again.

PADDY

Acreage	..	6,95,167
Yield in pallas	..	45,00,781

CONDITIONS OF STANDING CROPS: FAIR.

FUTURE PROSPECTS: FAIR.

As regards the supply of various official forecasts on a regular basis, I am to state that instructions are being given to the Officers concerned to send you a copy of such publications regularly.

Yours faithfully,

CHIEF SECRETARY TO GOVERNMENT.

Madras 1, January 12, 1951

The Chief Secretary to the Government of Mysore,
General and Revenue Secretariat,
Bangalore.

Dear Mr. Chief Secretary:

Thank you for your letter No.14796/C.B., dated January 11, giving information on the acreage and yield of paddy in Mysore State as well as the present conditions of standing crops and future prospects. Am I correct in assuming that the figures you give are for the dates mentioned in the last paragraph of my letter of October 26, 1950? Or are they the estimates for the 1950-51 crop as a whole? The Consulate General is pleased to note that you will write again should there be any variations.

Your cooperation in issuing instructions to the appropriate officers to supply us regularly with copies of the various official forecast publications is very much appreciated.

Sincerely yours,

Robert Rossow, Jr.
American Consul

Copy of letter No.D.178-G.II/50 dated the 23rd February 1950 from the Government of India, Ministry of External Affairs, New Delhi addressed to All State Governments and Chief Commissioner

---

Sub: Channel of Communication between the State Governments and the Foreign Diplomatic Missions in India.

In partial modification of this Ministry's letter No. F.12-G/47, dated the 23/25th August 1948, I am directed to say that the Government of India have decided that there is no objection to direct correspondence between the Consuls, Consuls-General and Trade Representatives of Foreign Governments and Deputy High Commissioners of the United Kingdom in India on the one hand and the States Governments and Chief Commissioners on the other, on routine matters such as a request for factual information of a non-confidential nature on technical subjects, It is imperative that in cases of doubt the advice of the Ministry of External Affairs should invariably be sought. If security considerations arise, the Ministry of Home Affairs should be consulted.

2. Correspondence which relates to a matter involving directly or indirectly a question of policy or is of such importance that though not initially it may eventually lead to a policy decision will continue to be routed through the diplomatic representatives of the countries concerned and Ministry of External Affairs in Delhi.
